

GLADSTN LONDON

Gladstn London is renowned for its craftsmanship and the pursuit of perfect bags that become trusted friends! Voted Luxury Luggage Brand of the Year 2022/23 by Corporate LiveWire and a former winner of Luxury Briefing's Emerging Luxury Brand, they take their inspiration from the iconic Gladstone Bag and London's rich heritage of leather craftsmanship. The brand is a modern interpretation of this history with three simple principles – to create beautiful bags shaped by our everyday journeys, made with uncompromising craftsmanship, effortlessly complementing life's stylish adventures.

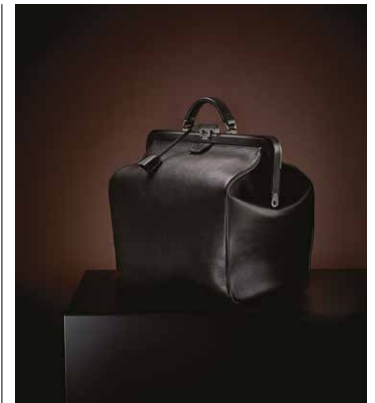

Gladstn London's Owner & Chief Bag Carrier, Richard Sharman swapped the boardroom for his kitchen table to follow his passion with Gladstn London:

"Two decades of global travel means I've had to carry my life in many different bags! Yet I was never quite satisfied with the bags I had. I wanted something beautiful, admired for its understated elegance and colour, whilst being functional and stylish. Working with craftsmen and women whose mission is to preserve the past and protect the future is a real privilege."

Gladstn London offers its most popular styles in the Everyday Friends Collection. What makes them different is they also offer both Limited Edition designs and a full bespoke service. Each year they release a small number of fully customisable Limited Edition designs inspired by someone or something that really matters to the brand. The Stanley Bag (pictured here in Midnight Blue) celebrates the life of a remarkable woman, Angela Stanley, the owners late mother, who greatly inspired Gladstn London. The brand's latest design, The Ellery (pictured here in Dove Grey) celebrates the moments we take to find happiness in the company of others. All of the styles are made in very small number.

Each piece is handcrafted in Italy before being embossed with the brand's signature marque, their symbol of craftsmanship and enduring quality. Being asked "where did you get that beautiful bag?" is a compliment in life that continues to inspire the brand in the pursuit of perfect bags. Gladstn London is stocked at gladstnlondon.com and exclusively in key locations around the world. ■
